

Holbrook Garden

Holbrook Garden

cutting edge naturalistic plantings inspired by wild plant populations

open Wednesday, Thursday, Friday 10am to 5pm. April to September 15* entry £4

The garden builds through the season from Snakeshead fritillaries in early April to a crescendo of bright summer perennials and then fades to a long lasting structure of grasses and seedheads which remain effective for very many weeks

'A genuinely innovative garden which combines real plantsmanship with a relaxed nature-inspired style - full of new ideas which should offer inspiration for gardeners looking beyond traditional planting formats'
Noel Kingsbury, Garden Writer
